

PROGRAM ADDENDUM As of 5-18-05

The program changes listed below were received after the ASNR 43rd Annual Meeting Proceedings Book went to press.

For Invited Speaker and Presenter Disclosure Summary, refer to printed document inserted in Proceedings Book.

Monday, May 23

Session 4

- Page 1 – Cervical Carotid Artery Atherosclerosis (ASITN) – Dr. Robert Ecker will replace Dr. Philip Steig as the speaker for the “Current Status of Endarterectomy” presentation.

Session 12

- Page 36 – NeuroNews Scientific Paper Session - The Abstracts for this session can be found in the NeuroNews section of this Addendum. Soonmee Cha, MD and John Chaloupka, MD are the moderators.

NeuroNews 4 - Does High-field MRI have an Influence on the Classification of Patients with Clinically Isolated Syndromes suggestive of Multiple Sclerosis according to Imaging and Diagnostic Criteria? will be presented by Henriette J. Tschampa, MD.

Session 17b

- Page 44 - Paper 88, Unusual Imaging Findings following Ethanol Ablation of a Glomus Jugulare Tumor An author has been added. The author block now reads as follows:

Wallace, M. A. Kanal, E., Rothfus, W. E. · Bartynski, W. S.
University of Pittsburgh Medical Center, Pittsburgh, PA

Session 17c

- Page 50 – Paper 99, Ectopic Parathyroid Adenoma: A Retrospective Analysis of Radiographic Findings Vito La Fata, MD has been added as an author and will also present the paper. The author block now reads as follows:

Urena, R. J. Hudgins, P. A. Weber, C. Miller, J. ·La Fatta, V. Mansour, K.·
Esteves, F.
Emory University School of Medicine, Atlanta, GA

Tuesday, May 24

Session 26a

- Page 75 – Paper 146, Selective Coiling of Aneurysm and Parent Artery for the Treatment of Unruptured or Recurrent Wide-Neck Proximal Anterior Cerebral Artery Aneurysms, has been withdrawn.

2005 Proceedings Book Addendum

Tuesday, May 24 (cont.)

Session 26b

- Page 81 – Paper 158, Recanalization Versus Perfusion in Acute Stroke Revascularization Therapy
Pooja Khatri, MD, co-author, will be presenting the paper.

Session 26c

- Page 87 – Paper 167, Are Protection Devices Necessary during Carotid Stenting?, G. J Joseph, MD
presenter, will be presented from 10:32am to 10:40am.
- Page 89 – Paper 171, Initial Experience with Neurovascular Placement of Drug-Eluting Coronary
Stents, J. D. Barr, MD, presenter, will be presented from 10:00am to 10:08am.

Session 26c

- Page 99 – Paper 189, Unusual Imaging Appearance and Location of an Intracranial Chondroma, has
been withdrawn.

Session 33d

- Page 126 – Paper 241, MR Imaging-Based Volumetric Analysis of Basal Ganglia Nuclei and Substantia
Nigra in Patients with Parkinson's Disease, has been withdrawn.
- Page 127 – Paper 242, Change of Apparent Diffusion Coefficient in Patients with Parkinson's Disease
The institution for co-author Ji Kang Park, MD has changed. Dr. Park is now at Cheju
National University Hospital, Jeju-City, Jeju-Do, South Korea. The author block now
reads as follows:

Park, J. K.¹ • Jeong, A.² • Choi, S.² • Kang, B.² • Hwang, J.² • Lee, J.²
¹Cheju National University Hospital, Jeju-City, Jeju-Do, South Korea ²Ulsan
University Hospital, Ulsan, REPUBLIC OF KOREA

Wednesday, May 25

Session 51a

- Page 148 – Paper 283, Quantitative and Qualitative Comparison between 3 and 1.5 T Imaging in the
Evaluation of Epilepsy
James Anderson, MD, co-author will be presenting the paper.

Session 51b

- Page 155 – Paper 295, Optimization of Echo Time Increases Observer Performance in the Detection of
Artificial Multiple Sclerosis Lesions on Simulated FLAIR Images of the Brain, has been
withdrawn.

Session 51c

- Page 163 – Paper 307, MR Imaging of the Spinal Cord at 3 T: Evaluation of T2 FLAIR and Diffusion-
Weighted Imaging
Gary Nesbit, MD, co-author, will be presenting the paper.
- Page 164 – Paper 310, Consequence of the Misuse of the Term “Annular Tear” in Patients Involved in
Litigation, has been withdrawn.

2005 Proceedings Book Addendum

Thursday, May 26

Session 64d

- Page 209 – Laurie Loevner, MD will be the second moderator for this session.

Session 69

- Page 221 – Lawrence Tanenbaum, MD will be the second moderator for this session

Session 72d

- Page 249 – Paper 455, Tractography in Pediatric Brain Stem Glioma Patients: Wallerian Degeneration of Corticospinal and Sensory Pathways
Co-author James Weeks, MD will be presenting the paper.

Friday, May 27

Session 75b

- Page 262 – Pratik Mukherjee, MD has replaced Caroline D. Robson, MB, ChB as moderator.

Session 75c

- Page 273 – Paper 495 - Clinical and MR Characteristics of Dysembryoplastic Neuroepithelial Tumors in Children
New authors have been added. The author block now reads as follows:

Rodriguez, D. P. • Young Poussaint, T. • Zacharoulis, S. • Turner, C. D. • Chi, S. N. • Klement, G. • Ullrich, N. • Pomeroy, S. • Marcus, K. • Goumnerova, L. • Scott, M. • Kieran, M. W.
Children's Hospital, Boston, MA.

Scientific Posters

Poster 45

- Page 309 - Multicentric Brain Gliomas and Gliomatosis Cerebri: MR Imaging Findings and Follow Up has been withdrawn.

Poster 46

- Page 310 – Grading of Cerebral Gliomas with MR Spectroscopy and Perfusion Imaging has been withdrawn.

Poster 86

- Page 332 - Bidirectional Spatial Filtering: Refining Methods For Locating Brain Activation In The Presence Of Parenchymal Abnormalities – The first author is David Miller, MD.

The author block now reads as follows:

Miller, D. • Walker, S. A. • Tanabe, J. L.
University of Colorado
Denver, CO

Poster 175

- Page 379 - Let The Gravity Work To Pick Up The Stiff Ropes has been withdrawn.

Scientific Exhibits

Scientific Exhibit 19

- Page 393 - MR Imaging of Multicentric Brain Gliomas and Gliomatosis Cerebri has been withdrawn.

Scientific Exhibit 88

- Page 424 - Radiologic Spectrum of Intraspinal Cystic Lesions and Their Mimics: A Space-Based Approach

Two additional authors have been added. The author block now reads as follows:

Revzin, M. V.¹·Lev, S.²·Lev, M. H.³·Pomerantz, S.³

¹North Shore University Medical Center, Manhasset, NY, ²Nassau University Medical Center, East Meadow, NY, ³Massachusetts General Hospital, Boston, MA.

Electronic Scientific Exhibits (eSEs)

eSE 13

- Page 432 - “Hey!! I Have a Lump in My Jaw!” Nonodontogenic Lesions of the Jaw , is now Scientific Exhibit 58A.

eSE 16

- Page 433 – Diagnostic Evaluation of Head and Neck Cancer has been withdrawn.

eSE 19

- Page 435 - Lymphoma Of The Head And Neck: A Pictorial Essay is now Scientific Exhibit 63A.

ESE 23

- Page 436 - Postoperative Temporal Bone is now Scientific Exhibit 70A.

eSE 27

- Page 438 - “Bright and White” Deep Gray Matter Nuclei is now Scientific Exhibit 81A.
